April 2, 2021

Dear WESD Families and Staff,

We've completed another great week of learning. When I talk with principals, teachers and staff about how these first two weeks have been, they all comment about how happy they are to see the smiling eyes of their students and hear their happy voices. WESD continues to support our distance learning students both academically and socially/emotionally. We continue to focus on these needs for next year as we work with our community through the pandemic.

This communication contains the following information:

- x WESD is Lowering Class Sizes;
- x Now Enrolling for the 2021-2022 School Year;
- x Maricopa County and ADHS Dashboards; and
- x Grab and Go Meals.

Lowering Class Sizes

Knowing students will have a variety of individual needs next year, the WESD will be lowering class sizes at all grade levels, with an emphasis in our 2K grade levels. This is to ensure each child gets their individual needs met and to personalize our work with your child. Please share with your friends who may have an interest in what choices the WESD offers.

Now Enrolling Families for the 2021 – 2022 School Year

WESD is enrolling kindergarteners for the 2021-2022 school year. We offer some of the lowest teacher to student ratios in the area to ensure that your child receives personalized attention. Our free, full day program includes research-based curriculum that addresses reading, writing, math, science, social studies, physical education and art with plenty of time for exploration and play. You can learn more about our program, meet our teachers and take virtual tours by visiting www.wesdschools.org/kindergarten. Please share this information with your friends and neighbors who have children turning five before September 1.

Enrollment is also open for all other grade levels. Those who live outside district boundaries may still attend WESD schools through open enrollment. To learn more or to register online visit <https://www.wesdschools.org/registration>

Maricopa County Department of Public Health and Arizona Department of Health Services Dashboards

Las Comidas para Recoger Rápidamente están disponibles para los estudiantes en el modelo de aprendizaje en línea y para cualquier niño de 18 años o menor que no asista a la escuela en persona. Los paquetes de comida gratuitos están disponibles cada lunes en las 16 ubicaciones enumeradas a continuación. Los padres/guardianes pueden recoger las comidas para los niños. Se requiere el número de identificación del estudiante y la fecha de nacimiento. Favor de referirse a la gráfica a continuación para las ubicaciones y los horarios.
