

Medicaid Annual Notification Regarding Parental Consent

Dear Parents,

Our School District receives funding from the Medicaid Direct Service Claiming (DSC) agency. This is a state-approved program that allows our School District to receive reimbursement from federal funds for providing some health-related covered services to eligible children in our school system. Examples of covered services include speech therapy, assistance with daily living skills, special education transportation and nursing services. We are required to notify you of our participation and the IDEA regulations stated below.

The School District, working with the State Medicaid agency, will need to determine if your child is eligible or should become eligible in the school-based Medicaid program. Your written consent indicates that you understand and agree that the District will

agencies to verify eligibility and submit claims for the DSC program. The school may use Medicaid benefits in which a child participates to provide or pay for services documented in the Individualized Education Program (IEP). Parents are not required to sign up for or enroll in Medicaid to receive IEP services or a free appropriate public education, nor are they responsible for any out of pocket expenses for these IEP have a negative impact on your public insurance.

We will provide the required services to your child at no cost to you whether or not you grant your written consent. Your consent is voluntary and may be revoked at any time.

other Medicaid benefits to which the child is entitled, including any otherwise eligible services outside of school.

Please email Craig Carter at craig.carter@wesdschools.org, or call 602-347-2632 if you have questions.

Thank you,

Craig Carter, Ed.D.
Director of Special Services
